HEARD Second FRENCH CONCESSION

Chinese Attacking Changchow

Shanghai, Apr. 18. Three thousand Chinese guerilla troops launched an attack on Changchow, near Wusih, yesterday, according to the Shanghai Times.

The distinct sound of machine-gun firing, nearer and more frequent than anything previously heard, was audible from the outskirts of French Concession during the night.—Reuter.

CHINESE POUNDING AT YIHSIEN

Hsuchow, Apr. 17. Fierce struggle for the possession of Yihsien continued unabated throughout yesterday and early this morning with the Chinese launching several determined assaults on the south-west and south-east gates of the city, exacting a heavy toll from the Japanese.

Confused fighting broke out on the evening of April 16 when a Chinese "dare-to-die corps." after having damaged the turrets of the south-west gate with heavy artillery fire, scaled the wall and engaged in hand-to-hand , fighting with the Japanese.

Japanese troops inside the walls who, taking shelter behind a cluster of low | D buildings, fought back with machine- Kumanian

Japanese reinforcements were rushed to the danger point and their greater number finally forced the Chinese on top of the walls to withdraw after four hours' of fighting.

80 Chinese Casualties

The Chinese lost more than eighty officers and men killed and wounded, and it is estimated that the Japanese suffered more than 200 casaulties.

In the south-east suburbs of the battered city, the Chinese forces annihilated a whole detachment of more than 100 Japanese on the night of April 18.

Before closing in on the surrounded forces warned the invaders surrender. The failure of Japanese soldiers to respond finally military courts, as the country is still led to their complete annihilation. To divert the strength of the Chinese forces, numerous Japanese

FIRE **FOLLOWS** EXPLOSIONS IN SORTING ROOM

Mail Bags Damaged But No Workers Badly Hurt

. The second explosion to occur in the sorting office of the General Post Office within fifteen hours occurred at 9 a.m. to-day when another bag of mail from the same consignment as that involved yesterday, burst into flame.

Clerks fled in panic and the Fire Brigade, from only a couple of hundred yards away, was quickly on the scene. Smoke and flames followed a few short, muffled explosions; and then the hoses were turned on the mail.

Five minutes later officials were able to state:

The "explosion" was probably the bursting of some tubes of patent medecine, used in the cure of venereal dis**c**ase: Some five or six bags of mail were

destroyed and damaged, mostly by Yesterday's explosion was caused by the ignition of films in the mail

The mail involved was dispatched from Shanghai for transhipment via

Hongkong: Nobody was injured in either explosion though this morning a clerk collapsed through shock.

FLUNG DOWN BY BLAST

Bags of mail were being weighed caused a fire in the Post Office In the Sorting Department, when sounds of spluttering were heard yesterday - and to day were inand then a series of loud explosions burst out, with a flash of flame. One Eurasia or C.N.A.C. planes of the clerks, Lo Kam-yung, who was nearest the bags, was thrown whilst en route from Hongkong to the floor and suffered a slight cut of the forehead.

The Fire Brigade very quickly arrived on the scene, and hoses were is delayed in Hongkong for three or laid and water poured into the four days, owing to congestion, it Sorting Room. Bags that escaped the seems almost certain that at least explosion were carried out by one of the explosions would have gungs of sorters, while firemen attacked the affected lot. The air in the room and around the area was filled with a thick cloud of fumes.

Enquiries revealed that about five or six bags of mail were destroyed by the explosions or damaged by water. Many of the parcels and letters were without their addresses. The consignment is part of the one concerned intended to fly back to Chungking in yesterday's explosion, and arrived from Shanghal for transhipment to Hankow and Chungking.

BOMB THEORY UNSUPPORTED

Police officials on the scene expressed the opinion that the explosions were due to spontaneous combustion in some photographic material, and pointed out the unlikelihood that the explosions were due to a bomb, as no serious injury was suffered by anyone, although many persons were nearby at the

Mr. J. C. FitzHenry, Superintendenta of the Fire Brigade, arrived soon after the appliances were despatched, and directed the work of sorting out the damaged mall. Police officials present included Chief, Detective-Inspector M. Murphy, Divisional Inspector M. Hourlhan, and Mr. A.R.S. Major, Assistant Director of Intelligence (Special Criminal Branch).

Opinions as to the number of explosions varied, some saying there were three, and others five, but all were ununimous that there was undoubtedly a series. The Sorting Department Itself was not damaged by the fire, although it was flooded with water, but some packing cases among the mail bore evidence, of

U.S.MUSTHAVE SECOND-TO-NONE NAVY

Sponsor of Roosevelt's Naval Expansion Bill Tells Why

Promoting Peace By Mailed Fist

Editor's Note: In the following dispatch written for the United Press, Representative Carl Vinson, chairman of the House Naval Affairs Committee, stoutly defends President Roosevelt's billion dollar naval expansion programme, saying it is necessary for the preservation of peace. Vinson, who is sponsoring the programme in Congress, is co-author of the original Vinson-Trammel Act which authorised the United States to build its fleet to a 5-5-3 ratio with Great Britain and Japan.

THE NAVY OF THE UNITED STATES IS MAINTAINED FOR TWO GENERAL REASONS. ONE IS THE PREVENTION OF WAR. THE OTHER IS READINESS TO WAGE WAR EFFECTIVELY SO THAT IF IT IS FORCED UPON US, IT MAY BE BROUGHT TO A CLOSE AS QUICKLY AS POSSIBLE WITH A MINIMUM LOSS OF MEN AND ECONOMIC RESOURCES.

The peace which the American people so devoutly hope will continue to be their heritage must be insured and guaranteed by adequate defence measures.

Expansion Bill will continue to promote peace for it is as true to-day as in Biblical times that "a strong man armed keeps his palace in order."

nation does not create the danger of war.

The measure of adequacy of our defence must necessarily be the force which in this troubled | Wirtue Wilts In Dance world can be brought against us by a single nation. That and that alone is the yard stick to determine the strength of our

Had the Washington and London treaties continued, there would have been no justification for this expansion bill, but with the scrapping of the treaties in 1936, other nations began to build far beyond the original limitations and by doing so jeopardised the peace and security this nation. We are forced, therefore, to undertake a building programme to maintain the ratio, which in turn will insure peace and

This building programme will permit the ratio to continue to exist between Great Britain, Japan and the United States.

In view of our policy of "no alignment or entangling commitments" which policy is approved by every American citizen, it makes it imperative for us to have a strong navy, a navy second to none, so we can be in position to paddle our own canoe in these troublesome times and defend the country without depending for assistance upon any

other power. Recent political developments in Europe forcibly impress upon us the wisdom of a policy of "no alignments or entangling commitments," but at the same time the world political situation should drive home to us the absolute necessity of having a strong navy to protect this country

standing nlone. The refusal of Japan to put her cards on the table by making known her building programme and the recent happenings in Europe should be sufficient to convince even a "Doubting Thomas" the justification for this 20 per cent, increase of our naval strength.

Poverty at £400 Annum

MANY DIE IN CANTON BOMBINGS

107 Bodies Counted In Street

Canton, April 17. Canton experienced another hectic day to-day as 51 Japanese planes further indiscriminate bombings over the city in relays. number of bombs dumped in the north part of the city killed and wounded more than 100 civilians and demolished five schools and over

The sirens were sounded at 11.19 a.m. when 11 Japanese planes were sighted coming from off the Tongkawan coast. When they reached the eastern outskirts, they were kept at a high altitude, by intensive eral high explosives were dropped detonations were clearly audible inside the city.

After releasing the missiles, the rhiding planes flew northward to Hwahsien and Yuantam. Shortly afterward they returned to Canton. were busily firing at them, another St from off the Tongkawan const and White Cloud Mountain.

Flying amidst bursts of anti-aircraft gun fire, the 22 raiders proceeded to the north part of the city, where they dumped some 30 bombs, and machine-gunned the streets. The buildings of the Kwangtung Provincial Middle School for Girls, the Ta Chung Middle School, the Yuan Tung Chung School, the 28th Municipal Primary School, and the Kwang Chung Middle School at the foot of Yul Sul Hill and more than 50 dwelling houses were wrecked. Over 100 casualties are believed to have resulted. The raiders departed about 1.30 p.m. after carrying out their destructive mission. Recent appointments notified by

At 4 p.m. another squadron of 16 Japanese planes again broke into the elty limits. Chinese anti-aircraft guns fired heavily at them, breaking their formation. They flew away not long after. Two of them released more than 10 bombs at Taiping and Peisha. All the missiles landed on the open fields, causing no damage.

Early this morning two Japanese planes raided Taling and Hsinoling Islands off the Chungshan coast. Twelve bombs were dropped, demolishing several farm houses .--

The Japanese raiders dropped over a dozen bombs, mostly incendiary, in thickly congested streets in the Great North district here shortly after noon to-day, adds International. Most of the bombs fell on the Tek Shuan took up the post of Naval Assistant area and near the Chungshan Memoriol Hall. Over 20 bombs were dropped on the Tienho and White Cloud acrodromes. Clouds of smoke were seen rising in the northern sections of the city. One bomb landed on the

> 107 CORPSES IN STREETS Telephoning from Canton last evening Our Own Correspondent stated that during a tour of the districts bombed he counted 107 dead, including 10 children. A check-up in the various city hospitals revealed 78 stretcher cases. In the mos thickly populated districts bombed, the majority of casualties were children. "The small casualty list is undoubtedly due to the fact that the raids were staged during the weekend," he said.

> the Kwangtung Middle one incendiary bomb fell through the roof of the library, setting fire to the room. Two others fell through the roof into two classrooms, completely destroying them and killing five school workers.

"Before they started bombing, the

54 "FLYING FORTRESSES" ORDERED BY: Ū.S. NAVY: DEADLIEST AIR WEAPONS

Battleships of the Sky Will Outclass Any Other Warplane

8,000 Mile Range Is Possibility Of Near Future

By Otto Janssen United Press Staff Correspondent

WASHINGTON. TAVAL AVIATION ENGINEERS ARE STUDYING PLANS FOR A NEW FLYING FORTRESS, MOUNTING DEADLY GUNS CAPABLE OF FIRING 200 TWO-INCH SHELLS A MINUTE, A HIGH NAVY SPOKESMAN DISCLOSED RECENTLY.

It was revealed also that the navy has placed orders with two commercial airplane companies for 54 fighting flying boats to be the most effective of their type in the

Although the Aeronautics Bureau is keeping details secret, it is understood they will be similar to the huge, four motored Sikorsky flying dreadnaught now undergoing secret tests.

If these tests prove successful, it was learned, the navy will order a fleet of these ships, to be followed later by the larger, more formidable "battleships of the air."

holds in the sea, officials said.

The rapid-fire guns now being

studied would be about twice as

STATE STEEL WORKS

Auckland. A Government bill has been introduced authorising the borrowing of £5,000,000 to establish a State steel production plant.

According to reports by H. A. Brassert and Co., consulting iron and steel works engineers of London, an annual output of 85,000 tons of finished steel may be expected. The Dominion, it is estimated, would then require 70,000 to 75,000 tons from Great Britain annually. SOUTH AFRICA

MACAO DEFEATS HONGKONG IN HOCKEY INTERPORT

STRONG HALVES TURN BACK THE LOCAL ATTACKS

GOAL SCORED EARLY IN GAME SETTLES ISSUE

There was a huge crowd at King's Park yesterday afternoon to see Macao defeat Hongkong by a lone goal scored by A. Angelo, the Portuguese left-winger, in the Interport hockey match.

galore. The game was hotly con- terval. tested and the teams deserve great credit for the spirit and stamina with which they tried to maintain a fast pace to the last minute.

From the initial bully-off, Hongkong made an early attack but was soon repulsed. Five iminutes later, Almada, the Macao goal-keeper, caused great excitement when mis-kicked an easy ball which had been hit outside the circle. Hongkong would have scored had Pyara Singh or G. H. Fowler been on the

From this stage, Macao was playing like a team on top and Hongkong's defence was often beaten by the lightning raids initiated by Albert Airosa and A. Angelo on the left flank, Wallace, Hongkong's right back, was flustered on several occasions by the speed of the opposing

MACAO SCORES

Forcing the first short corner, A. Angelo found the net with a fine cross-drive after ten minutes' play. Fully realising this early reverse, the Hongkong players made a great bid to equalise. They had chances enough but did not have a forward who could put the finishing touches to some splendid approach work. defensive in the last ten minutes of I backs.

this half, and during this period ! the pivot, was also prominent with Airosa, the forwards. some clever defensive play and gave

the ground bumpy, there, were thrills | Macao retained its lead at the in-

FORWARDS WEAK

On resumpiton, Hongkong again had Macao on the defensive, and kept it up for almost three-quarters of the second period. But where were our forwards? They showed poor combination without exception and their opportunism left much to be desired. G. H. Fowler distributed the ball poorly and was never up with the attack. His leadership was pathetic. Douglass had the tendency to take the ball to his right while he was often deprived of it by Lammert, and this cramped S. Fowler on the right wing, but in any case the latter could make little headway against the redoubtable Costa.

Pyara Singh was his usual selfish self and dribbled the ball to his heart's content. On two occasions, he took the ball past his own half backs to the amusement of his supporters. Partaub, on the left wing, was Hongkong's most dangerous forward, but was inclined to lie off-side.

REED PROMINENT

I liked W. A. Reed, who played a polished game at centre-half. His splendld interceptions had a disturbing effect on the Macao attack. The Macao goal had a narrow shave | Malik, at left half, played up to his when Douglass crossed in a hard drive reputation. Wallace gave an imwithin the circle and Lammert almost proved display in the second half deflected the ball into his own goal. when Stickley seemed erratic. There Hongkong had the visitors on the was little to choose between the two

A NARROW SHAVE FOR MALFROY

Just Beats Choy At Queen's Club

London, Mar. 10. Far and away the best and most exciting match at Queen's Club yesterday was that in which C. Malfroy beat W. C. Choy after saving two successive match points against him.

-It was a curious game, full of changes of fortune. Choy won the first three games, losing only three points. Malfroy realised that to attack was his only chance against an opponent who needs time to make his best winners.

The New Zealander got on terms, but the effort was just too late, and Choy recovered in time to take the set at 7—5.

When Choy reached 5-2 in the second set all seemed over, but Malfroy made such a gallant effort that, after being: 15-40 down in the 10th game he pulled off the set at 7-5. In the third set Choy lost his touch completely, and could only get one game.

This win put Malfroy in the last teight, where he was joined, later in the afternoon, by C. M. Jones, who was always too severe for P. M. The All-Union Committee of Phy- Davis, though the loser made a good

WELSH RUGGER **DECLINES**

Team-Building Need Has Arisen

For years Welsh Rugby enthusiasts have hoped that one day the starstudded Welsh back division would produce the brilliant Rugby of which they were believed to be capable. Against Ireland recently, if they had the chance.

Yet, in spite of countless opportunities provided by a magnificent J. S. Olliff advanced to the semi- Welsh pack, particularly in the second entirely to Clement's own skill.

> If he had been opposed by Moran, ion; Adlington, Barnsley, Florence; Frank Parker, Joe Hunt and Wayne instead of an inexperienced wing- Gantzer, Castell, Pym, Smith, Rus- Sabin should be for enough along to forward, deputising on the wing, the sell. chances are that he would have been tackled, for he was hemmed in on the touch-line when he received the ball.

CLIFF JONES AT FAULT

The fact is that Jones, Wooller, In the hard court tennis champion- Saunders' sweeping drives, both Davey and Idwal Rees, brilliant players though they are individually, nomince, Shayes, beat the New Zen- In the other Miss E. H. Harvey was have signally failed-not once, but opposed by Mrs. Michell, who, sel- many times. This latest failure exdom seen on a court nowadays, posed their weaknesses only too

> Rugby is essentially a passing game, and all the great teams of the past have excelled in the arts of giving, taking and timing passes. It was precisely in this important department of the game that the Welsh

Cliff Jones, admirable though he Douglass, G. H. Fowler, Pyara Singh, strokes were the acme of steadiness, result that he ran his three-quarters into the opposing defence.

> Wooller must be given room to move in if his great stride and speed Women's Singles.-3rd rd.: Miss J. are to be used to best advantage. In ball when the Irishmen were on top water and W. Cross bt. I. A. Alsagoff and rid of the ball in a hurry, as he was T. Todd, 6-2, 6-2; C. M. Jones and M. D. forced to do in these circumstances, Delford bt. R. M. Turnbull and M. T. his own particular weakness, erratic and Cross bt. Major G. Aylmer and A. R. passing, is only too clearly exposed.

A LOST OPPORTUNITY

Idwal Rees did his best on the wing, but the fundamental quality needed for this position is dash, and one does not expect that from a player in the late twenties whose proper position is in the centre.

It is obvious that Wales will have to build anew next senson and it is a

Football

PORTUGUESE WIN THIRD DIVISION CHAMPIONSHIP

Medical Corps Defeated In Deciding Game

Having won once each, the Portuguese Sporting Association, champions of the Kowloon section, and the Royal Army Medical Corps, champions of the Hongkong section, met again on the Club ground yesterday afternoon in the deciding match for the championship of the Third Division.

If yesterday's play was truly representative of Third Division football in the Colony, then I am sorry that I have not seen more of it this some very fast and keen football, and a fine pace was maintained almost throughout.

The Portuguese won the match by ELLSWORTH two goals to nil, but they were rather fortunate to do so by such a margin. In many respects the VINES Medicals were just as good as the winners; it was only that the ball did not run fortuitously for them. Once Pym had Quinn, the Portuguese goal-keeper, benten but the ball bounced from the latter's hands onto the cross-bar; and on another occasion, following a well-placed corner kick by Gantzer, the ball did everything but enter the Portuguese net.

The teams were well-matched. While the Portuguese were the faster side, the Medicals made up for this 000 next year. He undoubtedly will by their superior weight and height.

SOUND DEFENCES

Both defences were sound, but Collaco and Remedios were slightly safer than Webb and Leverington. Allen, in the Medicals' goal, had little chance with the two shots which beat him, but revealed a safe, pair of hands whereas Quinn did not appear too comfortable whenever the ball was near his goal.

At the interval, the Portugudse were one up as a result of the goal scored by Gann in the 20th minute of the game. The Medicals were unfortunate not to be on even terms at this stage, as the shot which beat Quinn must have been very nearly over the line if it actually was not.

Some even play was seen in the second period. Though the Medicals out and play golf as others do. went very close on several occasions. they could not put the ball in the net. Then ten minutes before the me an opportunity to travel, fly in final whistle, the Portuguese scored clippers, stay at the best hotels and again. Santos, the right wing, raced in with the ball while the Medical defenders were waiting expectantly for off-side whistle to blow and after a melce Regos netted.

P.S.A.—Quinn: Collaco, Remedios: Pereira, Ribeiro, Remedios; Santos, Campos, Gaan, Santos, Regos.

R.A.M.C.-Allen, Webb, Levering- And by next year, Bobby Riggs,

-|-|-|-|-|-|-|-|-|-|-|-|-| Your Story from the cradle to old age

Anthony Weymouth

TATHAT is there about you and me that makes VV us feel so different once we've awakened to

the urge of sex?

A trifle ashamed, perhaps, at the

dormant. Now, what part of your complex being had this fresh secretion stirred

reproduction.

do things which quite possibly our better judgments rebel against? The answer is, of course, that their work is of such enormous importance to us and to the race that the individual has to be endowed by nature with impulses of such strength that he cannot possibly gainsay

cerned in these days, when life is so uncertain, civilised man would PENINSULAR & ORIENTAL FORTNICHTLY DIRECT ROYAL MAIL STEAMERS probably ignore the need for be-

getting children. Love is the emotion attached to the instinct of reproductionand an emotion attached to an instinct is like the cartridge to a gun—it supplies the explosive power.

If love were merely a passing gust of passion you would satisfy it and forget it.

But obviously it's the higher side of our natures which converts lust into love. And it's this part of the complex whole which gives to love its permanence which raises it above the animal to the spiritual level.

NOW, let's think back to the time when you suffered TILAWA from your first attack of "love." (Of course, your relatives re-SANTHIA garded it as "calf-love.")

You yourself took it seriously enough, and no wonder, for it was

the first attack. You worried as to whether she was seeing other boys, and perhaps liking one of them more than she did you.

(Don't forget that both sexes TANDA suffer from this disease of calf- NANKIN love. I'm writing as if I were replicity's sake; but these remarks apply to both sexes).

How you redoubled your efforts to excel in her sight, and what time you spent on the choice of your ties and handkerchiefs! And did she, I wonder, take

longer over her dressing? Do you recall whether she used those little artifices of indifference and casualness, which are so calculated to good on the mere male—of any age?

A LAS, but one has to admit, whatever may be said or

LETTERS TO THE **EDITOR**

APPEAL FOR LOWER CLASS

To the Editor, Hongkong Telegraph.

Sir,—It is refreshing to read really sensible letter on the burning question of Rents and Housing, and

a splendid opportunity for harassed tenants to think of their more unfortunate brethren in Hongkong, the flum dwellers, and who knows? it may lead to pressure for Govern-ment's attention to the appalling conditions under which these people live, or exist. Surely if legislation can be made effective for the middle classes, men fell on open fields, causing little tricts of Shanghai in the early mornit should be made to apply to the lower classes first.

So much has been said and written lately about social problems in Hongkong (in fact it might be described as fashionable) that it would be wrong to doubt the sincerity of such well-meaning people, but it does ap-pear to provide a means of self-advertisement in charitable contribution columns, and, I hope, helps to salve the conscience. The machinery necessary to maintain these good works must be both cumbersome and expensive, and result in ameliorating a small proportion of sad cases.

If disgruntled tenants wish to

thoroughly arouse public opinion on the subject, I suggest an effective means would be to tour some of our slums, and draw up a report on what can be seen and heard any hour of the day in these foul spots. Feelings would then be so outraged that no self-respecting member of this Colony would rest until reform of some kind.

After having massacred the entire populace, the Japanese forces stationed at Hukwan, in east Shansi, have evacuated the town and retreated to Changehi.

Those must be to tour some of the colons of the self-respecting member of this Colony would rest until reform of some kind.

Those must be to tour some of the colons of the self-respecting massacred the entire populace, the Japanese forces stationed at Hukwan, in east Shansi, have evacuated the town and retreated to Changehi. was instituted. There must, however, be some unanimity of thought, and united action, before any improvement can be hoped for, but or suffered heavy casualties.—Central ganisations such as the K.R.A. already News. exist for such a purpose. Knowing Hongkong so well, however, and the blanket of apathy which smothers us for the best part of Summer, it is perhaps too much to expect, and I have little doubt that the subject will be forgotten within the next month or

Our newspapers' however deserve praise in their determined efforts to foster sympathy for the oppressed, and arouse the public conscience.
